

Internships

We accept portfolios twice a year:

- March 1st-31st
- September 1st-30th

Applications are for places in the following year!

Unfortunately we are unable to respond to applications made outside of these times. Thanks for understanding!

Please send your portfolio then to work@hort.org.uk

If you're interested in doing an internship at Hort, here are a few more things that you should know:

1. Interns are very important members of the team. We value them as creative people, and want Hort to be a place for them to grow.
2. Interns will be integrated in regular daily Hort work. They will also be given opportunities, under the guidance of the team, to work on their own projects.
3. An internship at Hort usually lasts anywhere between three and six months.
4. Interns are paid a salary of 300 Euro a month.
5. Please ensure that you send your applications in early. There is a year long waiting list for internships and we take a maximum of two interns at one time.
6. Before you apply for an internship please review your work to see if it connects with what we do. This is really important for you and us.
7. Please email a PDF, or post a copy of your portfolio to us. Links to websites or online portfolios are not preferred. We recommend that you only send us your best work. It should be work that you love and that tells us something about your personality. Less is more. We feel that self initiated projects, sketchbooks, or something that reveals your passage of thinking is much more exciting than normal university work.

Thank you!
